February 2015

Kia ora and welcome to our very first Newsletter. Louise and I are very excited to be officially OPEN and able to spread the word of In-home Childcare. To signify this special event we are holding a Welcome Picnic on Sunday 1st March. Please see the attached Flyer for details.

Facebook
We have started a campaign with Facebook, as it is a very powerful marketing tool, please like and share our page if you have not done already. We also have a closed group – Organic kids family, that we would love our parents and educators to be a part of. Please send a friend request to Bec Knight where you will be added into this group. We will be able to safely share photos, daily happenings, professional development evenings and our up and coming events.

Playgroup
Our playgroups will be held weekly starting on Tuesday 3rd March. Louise and myself plan these playgroups along with input from our educators. They will be based on the current interests of your children.

Events
Our first event will be a visit from SPCA. They will be bringing with them their guinea pig for us to look at and we learn about animal welfare and how to care for our pets. This time of year is very busy for the SPCA with kittens, they are seeking donations of Kitten food, blankets, towels and newspaper. If you have any donations please take them along to your educators home, we will gift our donation pack to the SPCA when they visit.
